NYDOH Transportation Assistance Level (TAL) and Disaster Level Modifications

TAL Modifications

Three additional options were added to the **Transportation Assistance Level** field located in the **Personal** section of a client's Electronic Health Record (EHR). All TALs are listed below, an asterisk (*) is used to identify the newest options.

- TAL-1 Non-ambulatory
- TAL-1 Non-ambulatory - Stretcher*
- TAL-1 Non-ambulatory - Vent*
- TAL-1 Non-ambulatory - Bariatric*
- TAL-2 Wheelchair
- TAL-3 Ambulatory

The screenshot shows a web form titled "Agency Designations" with several fields: "Disaster Lvl:" (dropdown), "DNR:" (dropdown), "DNR Date:" (text input), "Transportation Assistance Level:" (dropdown), "Last Updated:" (text input), and "Other ID:" (text input). A dropdown menu is open for the "Transportation Assistance Level:" field, displaying the following options: "1- TAL-1 Non-ambulatory", "1A- TAL-1 Non-ambulatory - Stretcher", "1B- TAL-1 Non-ambulatory - Vent", "1C- TAL-1 Non-ambulatory - Bariatric", "2- TAL-2 Wheelchair", and "3- TAL-3 Ambulatory". To the right of the form is a sidebar titled "Attributes" with a "Name" field and a "Languages" section.

Adding Value Items: Disaster Levels

The **Disaster Lvl** field located in the client's EHR indicates the client's priority level and when applicable, the type of electricity dependent equipment the client requires.

Listed below are the new NY DOH disaster levels that must be added in order to correctly assign and report client disaster levels.

(Path: **Admin > System Setup > Value Items > General > Disaster**)

1. **Click Add.**
2. Enter a brief identifier into the **Value** column.
3. Enter the **Name** of the disaster level.

Suggested naming convention:

- Level 1 - Vent
- Level 1 - Electricity
- Level 1 - Oxygen
- Level 2 - Moderate Priority
- Level 3 - Low Priority

NYDOH Transportation Assistance Level (TAL) and Disaster Level Modifications

4. Select the **Default** checkbox for a single value, if applicable.
As a result, this value will auto-populate the **Disaster Lvl** field when adding a new client.
5. Select the checkbox in the **Active** column.
6. Click **Save**.

Note(s):
Repeat this process until all disaster levels are added.

Value Items : Disaster					
Value	Name	Default	Third Party ID	Active	
1	Level 1 - Vent	<input type="checkbox"/>		<input checked="" type="checkbox"/>
